

Why Kidsafe SA

Kidsafe SA are the experts in child safety and injury prevention. We have been supporting South Australian families in the area of child safety and injury prevention since 1982. Our highly skilled and qualified staff provide specialist information and advice to support parents and carers to keep children safe – at home, at play and on the road.

How are we different?

We are an independent, not-for-profit organisation – we exist only to make a safer place for South Australian children at home, at play, and on the road.

**Transporting Children Safely
– how Kidsafe SA can help**

Have Your Child Restraint Professionally Fitted

Kidsafe SA have a team of highly skilled and qualified staff ready to install your child car restraint so you can feel comfortable that it's correctly installed and you know how to use it.

Kidsafe SA sell a large range of child restraints and will fit your restraint even if you purchased it elsewhere. Cost for installation - \$35

Cost of installation is FREE when you purchase your restraint from Kidsafe SA. Kidsafe SA has a large range of child car restraints for sale from the Kidsafe Centre at Hilton. Bookings are available now.

NEWBORN CHECK

Have you purchased a child car restraint yet? Are you ready to transport your baby home from the Hospital? The Kidsafe Centre at Hilton is a one-stop-shop for you to purchase or hire your first child seat, or to have an existing seat installed.

3-ACROSS THE BACK

Adding to the family? This can mean additional child restraints in the car. Kidsafe SA can help you find the best solution for fitting multiple car seats in your vehicle.

WHAT IS THE NEXT STEP FOR MY CHILD?

Children need different car restraints for different developmental stages. Our team can provide professional unbiased advice to ensure your child is travelling safely at each stage.

Checking Services

Have you installed your own child car seat and are unsure if you have installed it correctly? Let Kidsafe SA check it for you. Our qualified child restraint fitters can look over your car seat and let you know if there are any installation errors, giving you peace of mind.

If errors are found and you would like our fitters to fix the installation for you, you simply pay the installation fee.

Hire A Child Restraint

Having a baby and need to get your little one home from hospital safely? Kidsafe SA hire a range of baby carriers including the Britax Unity Carrier Isofix, Maxi Cosi Mico and Maxi Cosi Citi. All hires from Kidsafe SA includes free installation into your vehicle by our qualified child restraint fitters.

We also hire a range of car seats and booster seats including the Britax Cabrini, Britax Hi Liner, Infasecure Vario and Britax Maxi Guard. If you're going on a trip or have visitors with young children, we'll make sure they travel safely while visiting with you! **Short term and long term hire available.**

Premature Baby Restraint Hire Program

Our premature and low birth weight infants are some of our most vulnerable road users and often many child restraints cannot accommodate their small size. Kidsafe SA now hire a fleet of infant carriers specifically designed to accommodate small babies. **The Britax Unity Carrier Isofix is Australia's only baby capsule suitable for low birth weight and premature babies.**

Kidsafe SA hire and install this carrier to help little ones travel safely in the car. Call us now to hire the Britax Unity Carrier and book a time for installation.

Transporting Children with Hip Dysplasia and Additional Needs

Kidsafe SA can assist if your child is undergoing medical treatment and their current restraint does not allow them to travel safely in the car.

Ask us about restraint hire options for children undergoing treatment, such as hip dysplasia treatment.

Kidsafe SA operates the only comprehensive ongoing child car restraint fitting, checking, hiring, training and advisory service in SA.
